Hello!

My name is Nil Teixidó, product designer and photographer, currently living in Argentona (BCN).

I work as a product manager and designer at Qisu. Where we make nice pet products.

I was working in the studio of Gemma Bernal, Design. Recent winners of a Red Dot Design Award, and A'Design Award.

In my free time I like to roast my legs on the bike enjoying the roads of Barcelona and I record it on turocycling.com.

I also like coffee. ☕
